LEARN TO SCUBA DIVE

Why not use the opportunity of being in Thailand to learn to scuba dive? Discover the underwater world and become a certified diver. Definitely one of the best ways to cool down in the heat of Thailand……and develop a new and fun hobby.

The PADI (Professional Association of Diving Instructors) Open Water Course takes just 4 days and is recognised worldwide.

The course costs Baht 13,000 and includes the Open Water Diver Course Book (a PADI legal requirement for all courses since 1st January 2006), certification card, all diving equipment, tanks, weights and boat trips (lunch included).

If 3 or more people book for the same course, a discount of Baht 1,000 would apply to each person.

Your instructor is also an ex-TEFL International student and can teach Advanced Open Water, Rescue, Divemaster and Assistant Instructor courses in English, French and Italian.
